Instructions for Obtaining ANESTHESIOLOGY Continuing Medical Education (CME) Credit

CME Editors: Leslie C. Jameson, M.D., and Dan J. Kopacz, M.D.

ANESTHESIOLOGY’s Journal CME is open to all readers. Members of the American Society of Anesthesiologists (ASA) enjoy a preferred rate for their subscription. However, Journal CME is not limited to ASA members or Journal subscribers. To take part in Journal CME, complete the following steps:

1. For the article listed on the right, read the learning objectives and disclosure information.
2. Read the article in the print or online edition.
4. Once online, complete the questions and other required information for the CME program, including the evaluation.

The American Society of Anesthesiologists is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The American Society of Anesthesiologists designates this journal-based CME activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Purpose: The focus of ANESTHESIOLOGY Journal CME is to educate readers on current developments in the science and clinical practice of anesthesiology.

Target Audience: ANESTHESIOLOGY Journal CME is intended for anesthesiologists. Researchers and other health care professionals with an interest in anesthesiology may also participate.

Claiming Credit
All tests and requests for credit must be submitted through the ANESTHESIOLOGY CME website at http://education.asahq.org/2013-journal-cme. Participants should claim credit in 15-minute increments, for a maximum of 1 AMA PRA Category 1 Credit(s)™ per journal article.

Two payment options are available:

<table>
<thead>
<tr>
<th></th>
<th>ASA Member</th>
<th>Non-member</th>
</tr>
</thead>
<tbody>
<tr>
<td>Annual Fee</td>
<td>$60</td>
<td>$120</td>
</tr>
<tr>
<td>Per Issue</td>
<td>$10</td>
<td>$20</td>
</tr>
</tbody>
</table>

Payment may be made using Visa or MasterCard.

Please direct any questions about Journal CME to: EducationCenter@asahq.org

This Month’s ANESTHESIOLOGY Journal CME
Read the article by Levy et al. entitled “Managing new oral anticoagulants in the perioperative and intensive care unit setting” on page 1466 of this issue.

Learning Objectives
After completing this exercise, the learner will be able to adjust new oral anticoagulant (NOAC) therapy for elective surgery, adjust NOAC therapy for safe management of perioperative central neuraxial techniques, monitor the anticoagulation effects of NOACs, and identify patients who are at risk for excessive or prolonged drug effect.

Authors Disclosures
Authors: Jerrold H. Levy, M.D., F.A.H.A., F.C.C.M., receives consulting fees from Boehringer-Ingelheim, Ingelheim am Rhein, Germany; CSL Behring, King of Prussia, Pennsylvania; and Johnson and Johnson, New Brunswick, New Jersey. David Faraoni, M.D., Jenna L. Spring, M.S., James D. Douketis, M.D., and Charles M. Samama, M.D., Ph.D., F.C.C.P., have no financial interest in or affiliation with any commercial supporter or providers of any commercial services discussed in this educational material.
